

LFR polyclonal antibody

Catalog: BCP01032

Host:

Rabbit

R

Reactivity: Pig,Human

BackGround:

Intelectin-1, also known as ITLN1, INTL, Omentin or LFR, is a 313 amino acidprotein that contains one fibrinogen C-terminal domain and is either secretedor lipid-anchored to the cell membrane. Highly expressed in small intestineand adipose tissue and present at lower levels in testis, heart, pancreas, colonand skeletal muscle, Intelectin-1 exists as a disulfide-linked homotrimer thatfunctions to enhance Insulin-stimulated glucose uptake and is also thought toparticipate in host defense against miccroorganisms. In addition to its rolesin glucose regulation and immune system function, Intelectin-1 may also beinvolved in iron metabolism and obesity regulation in adults. Intelectin-2shares 85% amino acid identity with Intelectin-1 and, like Intelectin-1, is asecreted protein that contains one fibrinogen C-terminal domain and is thoughtto play a role in the host defense system. While Intelectin-1 is present in avariety of tissues, Intelectin-2 exists only in the small intestine.

Product:

Rabbit IgG, 1mg/ml in PBS with 0.02% sodium azide, 50% glycerol, pH7.4.

Molecular Weight:

~ 35 kDa

Swiss-Prot:

O8WWA0

Purification&Purity:

The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen and the purity is > 95% (by SDS-PAGE).

Applications:

WB: 1:2000~1:5000

IHC: 1:50~1:200

Storage&Stability:

Store at $4 \,^{\circ}{\rm C}$ short term. Aliquot and store at $-20 \,^{\circ}{\rm C}$ long term. Avoid freeze-thaw cycles.

Specificity:

LFR polyclonal antibody detects endogenous levels of LFR protein.

DATA:

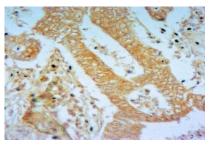

Western blot (WB) analysis of LFR polyclonal antibody at 1:2000 dilution

Lane1: The Lung tissue lysate of Pig(40ug)

Lane2:HCT116 whole cell lysate(40ug)

Lane3:Pancl whole cell lysate(40ug)

Lane4: The Heart tissue lysate of Pig(20ug)

Immunohistochemistry of paraffin-embedded Human Colorectal cancer using LFR antibody at dilution of 1:50.

Note:

For research use only, not for use in diagnostic procedure.
